

Please leave our XM Radio alone. I have never enjoyed radio as much before in my life. Every station I go to on XM Radio only has quality programs that I truly enjoy listening to. I will never go back to regular radio again. Not even for weather reports. If you do away with it you are taking MY radio and you shouldn't.

Please leave XM Radio alone. Please let us enjoy our radio. Don't take all the fun out of life. Is this not a free country? Are we the least free nation of the world? Prove me wrong and allow XM Radio to continue to air all the programs they have worked hard to put on for us. US they loyal customers.

Thank you.  
Lorena
